

# UNDERSTANDING YOUR COMMUNITY SOLAR BILL

## CONSOLIDATED BILLING

Your Nautilus monthly statement includes:

- Solar Credits (which includes your discount of 10%)**
- Total energy and delivery charges from Xcel Energy**

## MAKING SENSE OF YOUR BILL

As a resident of Minnesota, you will receive one bill from Nautilus. Your utility company will pay Nautilus for the value of the energy produced on our community solar farm.

Statement Date: Apr 25, 2024 Page 1  
 Invoice Number: XXXXXXXX

 Summit, NJ 07901-2705

## DEFINITIONS

- ☑ **Supply:** The cost of supplying electricity for your usage
- ☑ **Delivery:** The cost of delivering electricity to your home through the power lines
- ☑ **Solar Credits:** Financial incentives created as part of community solar programs to encourage people to use clean energy and lower their carbon footprint

## HOW DO SOLAR CREDITS WORK?

Here's how solar credits work for community solar:

-  You subscribe to a Nautilus Community Solar farm in your area.
-  Nautilus will calculate your share of the total energy your farm is expected to produce over the next 12 months.
-  Based on your share, you earn a solar energy credit for electricity that your community solar farm produces.
-  These solar credits are then calculated into a dollar value which appears on your monthly utility bill minus a discount of 10%.
-  It's important to note that the solar credits you earn are based on your share of the energy **produced** not the total energy **used** at home. This does not affect the amount of electricity delivered to your home. You will always receive the right amount you need.

## HOW IS MY SHARE OF THE COMMUNITY SOLAR FARM CALCULATED?

Your share or "allocation" is calculated by:

$$\frac{\text{YOUR 12-MONTH HISTORICAL USAGE}}{\text{AVG ANNUAL COMMUNITY SOLAR FARM PRODUCTION}} = \text{YOUR ALLOCATION \%}$$

From here, we can calculate your monthly solar credits:

$$\text{YOUR ALLOCATION \%} \times \text{TOTAL ENERGY PRODUCED THAT MONTH} = \text{YOUR SOLAR CREDITS}$$
